As part of capacity building efforts, form a DVCC Research and Accountability Committee comprised of DVCC staff, judges or commissioners, and agency representatives to meet on a regular basis to develop and implement a more rigorous plan for ongoing data collection, analysis and dissemination. To build on this first evaluation effort:

**Design and implement a study that is focused on victims. While including victims was outside the scope of this evaluation, a pilot study that includes interviews conducted with victims of batterers enrolled in the program would have great value.*

**Continue the two outcome components of this evaluation: 1) the analysis of DELJIS data and 2) the utilization of the BIPPOS pre-test/post-test tool.*

**In the long term, conduct a cost-effectiveness analysis for the program.*

- IV. New Business
- V. Agency Reports
- VI. Public Comment

Pursuant to DE Code: Title 29 § 10004 (e)(2), the Council shall pre-announce all Executive Sessions; however, such agenda shall be subject to change to include additional items including Executive Sessions which may arise at the time of the Council's meeting.
